Welcome to a gorgeous 2 storey plus basement home that has been lovingly cared for by the original owners. This home features a bright main floor with a gourmet centre island kitchen that overlooks a large great room with a cozy gas fireplace. Also on the main floor is a separate formal dining room/flex space & den that is the perfect spot to work from home. Upstairs you'll find 4 bedrooms including a primary suite that feels like a hotel room with a deluxe ensuite bath. Downstairs there is a 5th bedroom AND a one bedroom plus den rental suite. The backyard is a relaxing oasis with landscaping galore! There are too many updates here to list - here are a few: new roof & dual heat pump/AC unit - both with transferrable warranties, newer countertops in the kitchen and a new fence.
